

REMARKS

Claims 1, 2 and 4-7 are pending in this application. By this Amendment, claim 7 is amended. No new matter is added.

Amended claim 7 recites, *inter alia*, "the electron acceptors are π -conjugate molecules." As acknowledged by the Examiner during the December 7, 2006 personal interview, the applied references do not teach or suggest this feature.

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance, and for the reasons set forth in the November 29 Request for Reconsideration. Favorable reconsideration and prompt allowance of the pending claims are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
